

Post work House of Mirrors

Have students describe three things they like about the person sitting next to them. Next have them describe three things they like about themselves. Answers **MUST NOT** be based in physical features. Have them discuss which is most important to them, their appearance or their looks. Have them site reasons for each.

Have students create a family tree using photographs. The chart must date back at least 2 generations. Have students then give a speech about their family tree giving each at least 3 minutes to talk.
